CIRCULAR 17/2025

7 April 2025

Dear Parent/Guardian

CIRCULAR NO. 17 - WATER SHORTAGES

- All learners are expected to be at school as per our last circular.
- With only **12 TEACHING DAYS IN APRIL** due to all the long weekends, **we must maximise the time** to complete the Term 2 syllabus. **The Grade 12 syllabus is critical.**
- To date Dept. of Basic Education has not issued any Circulars regarding school closure.
- If there is **no water at your home please keep your child at home**, however, **if there is water please send your child to school with a bottle of drinking water.**
- The school has a JOJO TANK to ensure that our toilets are flushing.
- If the water supply is cut during the course of the day, you will be informed of early closure.
- **The completion of the Term 2 syllabus must be OUR TOP PRIORITY.**

We thank you, for your constant co-operation and support.

Yours in Education

R.S.B. MAHARAJ (Mrs)
